From the publisher:

Happy New Year! Welcome to our twenty-sixth year of business, and our lucky number thirteenth year of publishing our own books. Yep, we started with Circles Issue #0 back in 2000 presented for the first time in our Vast Catalog of Good Stuff. Though the world has changed quite a bit since 1987 when we first started, not to mention our name changing to Rabbit Valley, we're the oldest continuously operating furry business out there. Heck, the Fox pointed out the other day that we're actually older than Google and eBay!

Before I start really showing off my age and start yelling at you kids to get off my lawn, I should get to the point. Thank you. Thank you, the reader, the artist, the author, the participant in this grand experiment. Without you creating these great works, supporting the authors and artists, and spreading the joy of these books to your friends, we wouldn't be here. Other than marrying my extremely cute fox, Rabbit Valley is my proudest work, and it's thanks to you.

Runtt and el Diman have really knocked it out of the park on this one too. I hope that you enjoy this book and read the prior issues in the Spooo Presents anthology series also available at Rabbit Valley Comics. You can get a quick link to all the books at:

http://www.spooo.com

We'll be printing all the books as their individual titles from now on to stop confusing you poor folks at the conventions. You have no idea how many times I've had to explain to the confused looks on a critter's face about how this issue follows this issue follows this issue and the number on this one is really this issue... I give up! Individual titles makes it easier.

Enjoy the book, tell a friend, and here's to years to come!

- Sean

So you have an adult comic idea that you want to see in print?
Rabbit Valley Comics loves comics and novels that highlight the best in anthropomorphic storytelling and adult arts. We are always looking for new content to help us fulfill this goal. Artists and authors are welcome to submit new ideas!

File Formats and sizes - The interior pages must be at least 300 DPI high resolution for gray scale, 600 DPI or higher for line art. The file must be saved in PSD, AI, PDF, or TIFF format – JPEG and other compressed file formats just won't look pretty when we print them. Internal pages should be formatted to 6.125" by 9.750".

Contact us BEFORE you post your artwork to the web! We publish only new, original, unpublished materials. For additional details on how to submit your work, and handy comic page templates, send a note to our editor by way of email, editor@rabbitvalley.com.

Joann, why all the secrecy?

I was hoping we could raise our child in a nourishing environment, without secrets. Without doubt.

Max, you need to stop this

There was love in our relationship once, but not anymore.

What are you saying?

I want to break it off. Go our separate ways

Do you think I'm just going to give up on you. Give up on our child.

NO!

That baby you are carrying in your womb is as much mine as it is yours...

And what gave you the idea...

...that YOU are the father?!

I KNEW IT!!!!!

She's a slut!

No, no. HE's been such a jerk to her she probably had an affair and got knocked up by someone.

That's why she's been so secretive

Shush..shhh! She's about to tell us who the dad is!

Well? Out with it! Who is it?

It's none of your business

Like hell it isn't! You just admitted you cheated on me. I have a right to know!

The father is.....

The Dumb and the Witless will be back after these messages

Are you feeling depressed? Is your love life going nowhere because of feelings of apprehension?

Are you not the romantic type? Maybe Quixacol can help? Just one little fuchsia pill could change your life for the better

AWWWWWWWW NUTS!!!!

I had a lot of trouble finding a husband. I was depressed, apprehensive, not the the romantic type, until I tried Quixacol. Quixacol made my life new again.

So...

My personality came through in just 5 doses. Ask your doctor if Quixacol is right for you. I did, and now, I'm engaged to an impractical narcotics developer.

who do YOU think the father is?

I'll bet it's that handsome guy from the hotel. She always went for the working class types.

Mmm mmm mmm, blue collar boys always made me hot

Or that hunk delivery boy from the cleaners. He could deliver my boxers anytime!

I'd give HIM the ride of his life

I bet you would, girlfriend!

Thank YOU Quixacol!

Quixacol is not for everybody. If you have dandruff, liver disease, heart failure, cramps or gingivitis, please talk to your doctor before taking Quixacol

Quixacol is safe, but side effects have been documented in some cases.

Such side effects include jaundice, loose stools, the inability to keep your voice down, headache, backache, assache, runny nose, a rotting smell and occasional drowsiness. If these symptoms occur while taking Quixacol, please consult your physician.

Try Quixacol..... I did

We now return to The Dumb and the Witless

Ooo! It's back on! Shhhhhhhhh
